

KMUTNB - NFU

EXCHANGE PROGRAM

"Bridging cultures. Broadening minds. Forging bonds that last a lifetime."

ABOUT THE PROGRAM

This program is a-week (1-8 April, 2024) knowledge and cultural exchange program between the two universities: National Formosa and KMUTNB. The aims are to create a good understanding and share knowledge and experience among international students and professors.

WHY JOINING US?

The program will provide you interdisciplinary research skills conducted by lecturers and experts in the fields: **Science**, **Engineering**, and **Business Administration**. You will also have a chance to bond with Thai students, visit famous places both in Rayong and Bangkok, and taste authentic Thai food.
